DESKTOP PUBLISHERS

RIMAGE QUALITY IN AN AFFORDABLE DESKTOP SOLUTION

Why sacrifice performance for price when recording your digital assets to disc? Whether you need the affordable quality of the 1500 Desktop Publisher, the high-end precision of the 4500, or the cutting-edge innovation of a stand-alone Liberty printer, you're looking at the ultimate in convenience and accessibility. Not complicated. Not expensive. Just incredibly professional duplication and publishing technology that completes every project in record time.

Choose from one, two or four drives—CD, DVD or both. Our patented data-streaming architecture transmits data to each individual recorder simultaneously to dramatically increase your productivity. In other words, you'll get more done—in less time. Simply drag and drop your job using the QuickDisc™ software. You're freed up to do your work, and the system alerts you when your job is complete.

RIMAGE MAKES YOUR PUBLISHING EASIER

- **Flexibility** — Choose from 1, 2, or 4 CD or DVD recorders or a combination of both.
- **Reliability** — The highest quality print available in a desktop product, plus a thoroughly tested and reliable system right out of the box.
- **Adaptability** — Rimage gives you the freedom to duplicate and publish—one of a kind, or hundreds of the same.
- **Versatility** — Rimage Desktop Publishers reside on your network, supporting unlimited clients in both PC and Mac environments. It's as easy as sending jobs to a printer.

SUPERIOR NEW PRINTING TECHNOLOGY

It's affordable, quiet and easy to use. But what really makes our new Liberty printer so powerful is the HP-enabled thermal inkjet technology—featuring the best in color management and ink control for flawless labels every time. Print bold, rich images right from your computer without scratching or smudging. Groundbreaking? Yes. Expensive? No. Liberty gives you stunning, professional results every time, at an incredible value.
