

FUSION POWERED Professional Duplication Systems

FUSION 2DVD

The Fusion 2DVD is designed for high volume duplication tasks. It can be integrated with either a Thermal or Ink Jet printer and is networkable.

Fusion 2DVD Features Include:

- 250 Disc Capacity
- 2 - 16x DVD±R Drives
- Auto Detect Format
- Direct Disc Copying
- 80GB Hard Drive (Upgradable)
- Proven Reliable Robotics
- Standalone or PC Based
- 3 Year Warranty
- No Limit Phone Support

Professional Grade DVD Duplication System

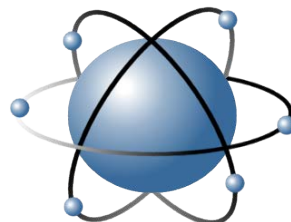

The Fusion 2DVD is an advanced extremely affordable duplication system. It is designed with a small footprint and will fit into any office environment.

The use of advanced stepping motors and highly efficient and reliable robotics gives the system a smooth and quiet operation.

The Fusion is perfect for on-demand publishing applications that can operate in one-of-many production modes. With the reliable electronics and robotics, this is truly a hands off system. You can set it to run your specific application, and then leave it alone only to return when the application is completed.

Our trained and experienced sales staff can help you choose the correct system for your specific needs.

Give us a call today and let us help you achieve your production goals!

Printer Configurations:

When utilizing the Fusion with the printer options, the discs automatically print in line while the duplication process is taking place.

The Fusion can be configured to run with either a Signature Pro series ink jet or Rimage Thermal Color or Monochrome printer.

These printers are the highest quality disc printer on the market today and will produce professional quality results.
